PROFILE

I am a UX designer who started out as a front end developer. Working closely with UX designers in different companies over the years sparked my interest in the UX field, which led me to become a UI developer. Being a UI developer allows me to design features and then implement them, which not only gives me more insight into the design process but allows me to bridge the understanding of this holistic process for developers.

EXPERIENCE

UI Developer (Contract) | Tignis

April 2020 - January 2021, SEATTLE, WA

- Designed features for clients
- Built quality features for client efficiently and on time

Mobile Developer (Contract) | Get in the Loop

MAY 2019 - JUL 2019, KELOWNA, BC

- Extensively tested team's code to ensure highest quality
- Optimized code for mobile app so the functionality was the same but the app ran better
- Translated old code to new code base

Front End Developer | Mazu

SEP 2016 - APR 2019, KELOWNA BC

- Worked with a team to build a safe messenger app for kids
- Launched a child-friendly sports app dedicated to fans of major league sports teams (NHL, NBA, NFL)
- Collaborated with QA team to ensure the highest quality product for the client

EDUCATION

BrainStation | Diploma Candidate, User Experience Design

JUL 2021 - SEP 2021, VANCOUVER, BC

University British Columbia | Bachelors in Computer Science

SEP 2013 - APR 2016, KELOWNA, BC

University British Columbia | Bachelors in Psychology

SEP 2008 - APR 2011, KELOWNA, BC

SKILLS

Figma, Sketch, inVision, POP App, Balsamiq, HTML SCSS, CSS, TypeScript, JavaScript, Node/NPM, Angular, Ionic, React

PROJECTS

Huse - BrainStation Capstone | UX Designer

JUL 2021 - SEP 2021, BrainStation

Designed an app that allows artists to connect and grow a following. Artists can sell their works directly to fans and negotiate a price for a commissioned work
