

Muskan M.

Web Developer

EXPERIENCE

Front-end Supervisor | Fairway Market

OCT 2018 -SEP 2022, VICTORIA, BC

- Resolved customer concerns by active listening, clear communication and coordination with management to take appropriate steps leading to strong customer relations.
- Supervised and collaborated with fourteen front-end employees to maintain an organized and safe work environment to improve work efficiency.
- Trained new staff on company policies and procedures resulting in increased efficiency and employee retainment.
- Acquired multitasking skill by working under a high paced and stressful environment which leads to increased productivity.

EDUCATION

BrainStation | Diploma, Web Development

SEP 2022 - DEC 2022, VANCOUVER, BC

Camosun College | Diploma in Arts and Sciences

SEP 2018 - APRIL 2020, VICTORIA, BC

PROJECTS

SharePlay ([LINK](#))

DEC 2022, HACKATHON

- Won the 24-hour cross functional hackathon organized by BrainStation in partnership with Electronic Arts (EA).
- To ensure that the EA app is adopted by their current users, my team created a new feature called EA SharePlay. It runs in the background and creates highlights of gameplay which then can be shared to a customizable profile section.

Capstone ([LINK](#))

DEC 2022, CAPSTONE

- A responsive website that focuses on providing easy access to residential building services like rent payments, pre-booking laundry, elevators, information about building's day to day activities to the residents all at one platform.
