PROFILE

My passion for software engineering is driven by the blend of creativity, problem-solving, and the potential to make a difference in the world. Observing how technology can enhance my lifestyle has inspired me to consider how I can contribute to this ongoing process with my unique vision. As a result, I've made the decision to follow my passion by enrolling in a course. My curiosity-driven problem-solving mindset, coupled with my unwavering enthusiasm for software engineering, makes me not only well-suited for this field but also eager to embrace its challenges and contribute to its ever-expanding frontiers.

SKILLS

JavaScript, HTML, CSS, jQuery, MySQL, Agile Development, Atlassian Jira, GitHub,React, Express, Jest, Node, Document Object Model (DOM), APIs, Web APIs, OAuth, Heroku, User Authentication

EXPERIENCE

Sous-Chef | JRG

JAN 2022 - 2023, Langley, BC

- Demonstrated exceptional **problem-solving skills** by resolving customer and team issues promptly.
- Increased company budget by 2% through efficient **time management skills**.
- **Teamwork and collaboration skills** helped me to lead a 10-member kitchen team, strictly adhering to company guidelines and forecasts.

Banquet Cook | Executive Suites Hotel Metro Vancouver

MAR 2018 - MAR 2020, Burnaby, BC

- **Critical thinking** allowed me to cater large parties (200+ guests), delivering high-quality service for extended hours.
- Crafted authentic menus tailored to diverse customer preferences using my **creativity** and excellent **customer service skills.**
- Executed social media promotion in alignment with marketing strategies because of my **empathy** and passion for my job.

Cook | Musket Restaurant

JAN 2014 - SEPT 2017, Toronto, ON

- **Adaptability** and **self-motivation** helped me to advance from Cook to Sous-Chef within 6 months, showcasing **attention to details** and **continuous learning skills**.
