PROJECTS

Full-Stack Developer | PatDoc

JUN 2021, SCHOOL

- Built a user-friendly web app for online booking appointments for patients during school. Designed the interface using HTML, CSS, and JavaScript, and set up the backend with PHP and MySQL. The app's success in simplifying appointment booking highlighted my strong full-stack skills.

Full-Stack Developer | TaskEase

AUG 2023, SCHOOL

- Developed a web-based matchmaking platform specializing in the seamless facilitation of short-term job opportunities. Designed the user interface using React and Node.js, with MySQL for backend. Achieved notable success in delivering real-time matchmaking capabilities and an intuitive job-finding experience, demonstrating expertise in full-stack development.

EDUCATION

BrainStation | Diploma, Software Engineering

JAN 2023 - SEP 2023, VANCOUVER, BC

Jain University | Bachelors in Technology, Software Engineering

JUN 2018 - 2022, BANGALORE, INDIA

EXPERIENCE

MxU Installer | AFL Global

NOV 2022 - PRESENT, SURREY, BC

- Collaborated with the installation team to ensure flawless fiber optic installations. This involved close teamwork and coordination to execute seamless installations, which, in turn, guaranteed optimal connections and network functionality for clients.
- Demonstrated efficient problem-solving skills by swiftly addressing connectivity challenges using rapid troubleshooting techniques. This approach not only minimized network downtime but also maximized overall operational effectiveness for clients.

SKILLS

HTML5, CSS, JavaScript, React.js, Node.js, Express.js, Web APIs, User Authentication, OAuth, MySQL, Git, Python, PHP, Flask, Java, C, C++

PROFILE

Recent Computer Science graduate with a strong passion for web development, as evidenced by my successful projects and coursework. I am proactive in seeking out new challenges and taking the initiative to lead. Alongside my technical skills, I prioritize effective communication and enjoy fostering connections, showcasing my commitment to collaborative and productive environments.
