PROJECTS

Pathways | Lead UX Designer

www.DaneCarlsenDesign.com

SEPT 2020 - 2020

Pathways is an educational app that universities provide to their students. It shows personalized hiring rates, related careers and school partnered internships based on the student's area of study.

EXPERIENCE

Bartender | Mildred's Temple Kitchen

Dec 2016 - 2018, TORONTO, ON

- Memorized menu ingredients, wine pairings, cocktail mixing and displayed the ability to understand and read customer needs.
- Interacted as a team player between staff members.
- Balanced my time between serving guests and maintaining all the proper steps of service while producing high quality cocktails and a clean work environment.

SKILLS

Adobe: Figma, Sketch, InVision, Illustrator, Photoshop, Indesign, XD, Rhino 3D, Human Centered Design, Design Thinking, LeanUX

PROFILE

I have been excited about design since before the beginning of my industrial design degree. Within my school experience, I have found my true passion is discovering human centered design solutions through UX design. My ability to empathize with users and sketch designs with their needs in mind has prepared me to succeed in a UX Designer role.
