EXPERIENCE

CAD Jewelry Designer (Product development) | Bixler's

MAY 2022 - PRES, MONTREAL, QC

- Contributed to tripling the amount of unique styles produced by the company when compared to the previous year.
- Created a strategy for developing a strong and recognizable brand identity which speeded up process of developing new styles
- Developed merchandise for brands such as UFC and Hales jewelers

CAD Designer (Generalist) | 3D-Techno

DEC 2018 - APR 2019, DONETSK, UKRAINE

- Provided direct interactions with clients which reduced amount of design iterations
- Integrated the design software Rhinoceros into the company's workflow.

EDUCATION

BrainStation | Software Engineering

APR 2023 - JUNE 2023, ONLINE

Rosemount Technology Center | Industrial Drafting, CAD

JAN 2021 - MAY 2022, MONTREAL, QC

Kyiv Center of Jewelry Arts | Jeweler-fitter, Stone setter

SEP 2017 - DEC 2018, KYIV, UKRAINE

PROJECTS

Developer | Ring Constructor

JUNE 2023, Capstone project/BrainStation

- Created a full stack application which allows users to generate a custom jewelry piece model using skills gained in Brainstation's program.
- Created custom assets - 3D models and renders

Developer | Family Data Security Manager for Microsoft

JUNE 2023, HACKATHON/Microsoft Industry Project

- Took part in developing a concept for a Microsoft account add-on which allows users to set security and data preferences for their whole family.

Developer | SpaceInfo

MAY 2023, HACKATHON/BrainStation

- Took part in a team which built a fully functioning web page, using the International Space station's API, to show the location above which it is flying, in real time.

SKILLS

HTML, CSS, JavaScript, React, Node, Express, MySQL, Agile Development, Document Object Model(DOM) APIs, Web APIs, User Authentication, OAuth, GitHub, Heroku, Jest

PROFILE

I was always mesmerized by the beautiful architecture of the software I used throughout my education and career. These experiences sparked my curiosity and led to a growing passion for programming.

As a designer I see web development as an artform. I hope to explore this artform and my creativity alongside your team.
