## PROFILE

As a digital product designer with a background in hospitality, my passion for problem-solving, attention to detail, and love for helping people have motivated me to pursue a career in UX design.

## SKILLS

Figma, Figjam, Invision, Excel,  
Google Workspace.

## EXPERIENCE

---

### Store Manager | The Meat Department Butcher Shop

MAY 2019 - JUL 2021, TORONTO, ON

- Exercised effective leadership and managerial skills in training and managing a team of 4-5 employees on a daily basis.
- Maintained a focus on the customer experience, ensuring that products were of the highest quality and met customer needs.
- Utilized a data-driven mindset to monitor sales trends, inventory levels, and customer feedback to inform decision-making and product development.
- Developed strong problem-solving skills, allowing me to navigate unexpected challenges and find creative solutions to complex issues.

### Junior Sous Chef | Restaurant Septime (Bertrand Grebaut)

FEB 2018 - NOV 2018, PARIS, FRANCE

- Exhibited excellent communication skills while managing a team of 6 chefs
- Prioritized tasks efficiently in a fast-paced environment, serving over 40-50 customers per night at a michelin starred restaurant
- Developed strong problem-solving and attention to detail skills as a sous chef, managing operations and quality control.
- Demonstrated discipline and composure in high-stress situations, staying productive under pressure.
- Highly skilled in finding creative solutions to complex problems.

### Sous Chef | Restaurant Clamato (Bertrand Grebaut)

FEB 2017 - FEB 2018, PARIS, FRANCE

- Successfully served 100-200 customers per night in a fast-paced environment.
- Showcased organizational and leadership skills, responsible for team a team of 5 cooks
- Managed fast-paced kitchen operations as sous chef at Clamato, developing strong attention to detail
