### EXPERIENCE

#### Service Technician | Coinamatic Canada

MAR 2009 - APR 2018, RICHMOND, ON

- Looked within and outside the box as I troubleshoot and repaired Laundry equipment
- Helped management with fleet technology upgrades such as phones, programs and devices
- Became the go-to person on Maytag repair

#### Facilities Administrator Assistant | Vancouver Chinese Alliance Church

OCT 2008 - MAR 2009, VANCOUVER, BC

- Assisted the congregation with their various needs
- Met with contractors to gather information and make proposals for management to decide on
- Trained office staff and created simplified usage reference guides for new equipment

#### Ramp Agent | ServisAir

JAN 2004 - MAR 2009, RICHMOND, BC

- Supervised the bagrooms, making sure there is enough manpower and training new employees
- Helped management create shift schedules for part time personnel
- Recognized by many airline representatives for the service provided.
- Given the opportunity to become lead hand and temp supervisor whenever available

### EDUCATION

#### BrainStation | Diploma Candidate, Data Science

#### BrainStation | Diploma Candidate, Web Development

This is a web based game using react, express, node and socket.io to communicate between different clients.

### SKILLS

HTML, CSS, SASS, Javascript, JQuery, Github, PHP, Wordpress, basic, C, C++, COBOL, Prolog, LISP

### PROFILE

I love to look at problems and find solutions. I believe that there is a solution to every problem and a lot of times those solutions are outside the box and requires us to have an open mind and understanding outside sources in order to solve and obtain solutions.
