PROFILE

A strong commitment to creating innovative solutions and driving positive technological advancements. I entered the field of Software Engineering propelled by a lifelong passion for problem-solving and a self-driven background with technology. I bring to the table a valuable combination of strong analytical skills and a proven ability to thrive in dynamic team environments, making me well-equipped to excel in my career as a Software Engineer.

SKILLS

HTML, CSS, JavaScript, Node, React, Express, MySQL, Agile Development, Document Object Model (DOM) APIs, Web APIs, User Authentication, OAuth, Heroku, GitHub, Jest, Python, live-media production, Linux
