

BRIANNA PAGES

UX/UI DESIGNER

PROJECTS

End to End UX Designer | MOMent

JUL 2023 - SEP 2023, BRAINSTATION

- Leveraged user research to create an intuitive interface for single moms. Designed with empathetic elements to foster a supportive environment.

Lead UX Designer | Royal Caribbean Hackathon

JUL 2023, BRAINSTATION

- Won 1st place in a 24-hour hackathon focused on creating technological solutions for Royal Caribbean.
- Collaborated with a team of developers, designers, and project manager to create a functional prototype.

EXPERIENCE

Emergency Room Registrar | Larkin Hospital

JAN 2022- 2023, MIAMI, FL

- Enhanced patient experiences by proactively communicating and collaborating, thereby contributing to a significant reduction in accounts receivable.
- Facilitated seamless communication between patients and various hospital departments, similar to successful user flow design.
- Efficiently processed an average of 40 insurance verifications and medical authorizations daily, mirroring attention to detail required in UX research.

Front Desk Receptionist | Planet Fitness

JULY 2020 - 2021, MIAMI, FL

- Exceeded membership sales quota through effective communication and persuasion, leading to a 20% increase in sign-ups within 2 months.
- Managed multiple administrative tasks concurrently, showcasing strong multitasking skills relevant to UX project management.
- Enhanced team efficiency through effective communication and time management, key skills in UX teamwork.

EDUCATION

BrainStation | Diploma, UX/UI Design

JUN 2023 - SEP 2023, MIAMI, FL

Miami Dade College | Associates in Pre-Nursing

AUG 2021 - 2023, MIAMI, FL

PROFILE

I have always had a passion for helping people, and for a long time, I believed that healthcare was the only way to make an impact. However, working with a variety of demographics and patient needs, I realized there was a need to improve the healthcare experience for patients and healthcare providers alike as the healthcare field becomes more and more digital. I'm excited to leverage my UX Design Bootcamp skills and capabilities to innovate for a seamless digital transformation for a variety of users.
