

KENNY WEI

UX DESIGNER

EXPERIENCE

Process Improvement Consultant | CIBC

JAN 2020 - SEP 2020, TORONTO, ON

- Designed the dashboard for Fraud KPI tracking in Tableau to improve operational tracking and provide insights
- Drafted and presented a business case to save 3 FTEs in Wire transfers through task automation and division of administrative tasks

Project Manager | CSA Group

JUL 2017 - AUG 2019, TORONTO, ON

- Led & developed a new ticketing system for editors and project managers to improve the visibility and processing time of the editorial department
- Designed two educational board game workshops on simulating stakeholder engagement and risk management with an 80% engagement score
- Solved data migration issues on the rollout of the online web store to save more than 2 weeks worth of manual updating efforts

Program Planning Intern | TC Energy

MAY 2015 - AUG 2016, CALGARY, AB

- Eliminated 90% of manual updates through the creation of an Excel add-in
- Drafted five-year financial forecasts of maintenance plans through estimating unit counts and benchmarking cost

EDUCATION

BrainStation | Diploma Candidate, User Experience Design

SEP 2020 - DEC 2020, TORONTO, ON

University of Toronto | Bachelors in Chemical Engineering

SEP 2012 - JUN 2017, TORONTO, ON

SKILLS

Wireframing, Personas, Storyboarding, Design Exploration, Photoshop, Illustrator, InVision, Figma, Sketch, Marvel, SAP, Microsoft Powerapps, Microsoft Flow, SharePoint, Trello, Survey Gizmo, OptimalSort, Tableau, Lean Six Sigma, Change Management

PROFILE

Coming from a background in engineering and project management, I noticed that UX design is still left out of critical project development processes.

This sparked my interest in a career in UX where I can ensure UX design is a crucial component of process, system, and product design.

UX allows me to solve an array of challenges and adapt innovative solutions from different applications.

ADDITIONAL COURSES

Interaction Design - Akendi
Visual Design for UX - Akendi
UX Design Part-Time - BrainStation

ACHIEVEMENTS

2017 Academic Challenge Champion
Undergraduate Student Life Award
Minerva James Ham Safe Design Award
