SKILLS

HTML5, CSS, SASS, JavaScript, React.js, Node.js, Express.js, Web Services API, Git, GitHub, DOM, Heroku, Agile Methodologies, Adobe Photoshop, InDesign, Premiere, Final Cut Pro

PROFILE

From knowing zero HTML three months ago to where I am now, I am thrilled to be making this career transition from marketing. After having struggled for years to find web developers for business projects under budget, it is incredibly exciting to be able to become my own web developer.

EXPERIENCE

Marketing Coordinator | Avison Young

MAR - MAY 2020, VANCOUVER, BC

- Used Adobe Photoshop, Illustrator, and InDesign to create and modify site packages for major commercial real estate clients
- Demonstrated initiative and quick learning by successfully taking on creating full site packages during the first week of training

Marketing & Project Coordinator | Ambrose Holdings

JUN 2019 - JAN 2020, VANCOUVER, BC

- Collaborated with the director of sales and management to introduce and launch more than six new products into numerous companies
- Successfully organized and led meetings with managers of other companies
- Oversaw process of creating, proofing and evaluating marketing and branding strategies with internal and external vendors

EDUCATION

BrainStation | Diploma Candidate, Web Development

AUG - OCT 2020, VANCOUVER, BC

The University of British Columbia | Bachelors in Psychology, Minor Music (Cello Performance)

SEPT 2013 - DEC 2019, VANCOUVER, BC

Mildred Johnson Scholarship in Music

Université Sorbonne Nouvelle - Paris 3 | Exchange Program, Bachelors in Psychology

SEPT 2018 - JUN 2019, PARIS, FR

Go Global International Learning Programs Award

PROJECTS

BRAINFLIX

SEPT 2020, BRAINSTATION PROJECT

I remade some of YouTube's functionalities and designs, and completed this in 3 1-week sprints using React, Node and Express.

IMPOSSIBLE SNAKES

OCT 2020, BRAINSTATION PAIR PROGRAMMING HACKATHON

Runner Up for People's Choice Award for a game requiring the use of both hands. Completed in less than 24 hours with React.

CAPSTONE PROJECT

OCT 2020, BRAINSTATION CAPSTONE PROJECT

Using React, I created an immersive experience for the user in which the user becomes a collaborator with myself to create a digital performance/experience. Includes the use of React Three Fiber.
