PROFILE

In my 5+ years as an architectural designer, I've always focused on continuous learning— embracing new software, following changing regulations and fostering client interactions. Collaborating with consultants, engineers, and other designers is something I enjoy. Driven by design thinking, I excel in iterating designs through constructive critique.

My transition to UX design merges these strengths, uniting architectural skills with user-centric innovation.

SKILLS

Prototyping, Wireframing, UI Design, Visualization, Research methods, Cross-functional collaboration

SOFTWARE

Figma, Adobe Creative Suite (Photoshop, Illustrator, InDesign)

EXPERIENCE

Project Designer | RWA Group Architecture

OCT 2021 - PRESENT, VANCOUVER, BC

- Evaluated feasibility, conducted site analyses, and researched building codes to improve the viability of residential projects in Metro Vancouver.
- Employed building information modelling software to resolve complex design challenges efficiently.
- Designed building envelope details, ensuring coordinated construction.
- Produced construction drawings for residential mid- and high-rise buildings to meet tight timeframes.

Intern Architect | Art Cader Architect Inc

NOV 2020 - OCT 2021, VANCOUVER, BC

- Collaborated with clients and engineers to develop concepts during schematic design and design development meetings.
- Simplified intricate designs into user-friendly visuals and presentations, enhancing client and stakeholder comprehension.
- Coordinated seamless collaboration with building systems consultants across multiple projects.
- Conducted site visits to gain insights into client preferences and needs effectively.

Graduate Teaching Assistant | University of Calgary

SEP 2019 - MAY 2020, CALGARY, AB

- Facilitated group discussions on design thinking, and sustainability.
- Mentored 50+ students in undergraduate to graduate-level courses.

EDUCATION

BrainStation | Diploma, User Experience Design

JAN 2023 - SEP 2023, VANCOUVER, BC

University of Calgary | Master of Architecture

SEP 2017 - 2020, CALGARY, AB

- Graduate scholarship recipient 2018, 2019. Dean's List 2018-20

University of Toronto | Hons. Bachelor of Arts in Architecture

SEP 2011 - 2015, TORONTO, ON

- Minors in Art History and English

PROJECTS

UX Designer | AR Navigation in Shopping Malls

SEP 2023, BRAINSTATION BOOTCAMP

- Conceptualized and designed an augmented reality navigation app for indoor shopping spaces on Figma. Emphasized interaction design, and accessibility, and developed comprehensive design systems and branding strategies.
