PROFILE

A web developer who loves to create, building and finishing projects has always been a forte of mine.

Jumped headfirst into Brainstation's Software Engineering bootcamp and now looking for a full time employer!

Loves the process of learning new things and following the exponential growth of technology!

SKILLS

HTML5 • Cascading Style Sheets (CSS) • JavaScript • SASS • Node.js • React.js • Express.js • MySQL • Agile Development • Document Object Model (DOM) • User Authentication • OAuth • GitHub • Jest

EXPERIENCE

Sales Clerk | Samz Liquor Store

OCT 2021 - Present, Port Coquitlam, BC

- Sold and recommended liquor products to customers.
- Put away orders while occasionally doing inventory.

Line Cook | Cactus Club Cafe

OCT 2017 -2018, Coquitlam, BC

- Washed dishes, prepared food for cooking & cooked food.
- Worked on-line with a team in a fast paced environment.

Labourer | Universal Rope Ltd.

JUN 2011 - 2017, Coquitlam, BC

- Sorted and stacked web slings, wire & other shipping devices for transport.
- Used an industrial sewing machine to sew tags on web slings.
- Made custom ropes for clients.

EDUCATION

BrainStation | Diploma, Web Development Bootcamp

JAN 2023 - SEP 2023, Vancouver, BC

Douglas College | Certificate, Basic Office Skills

APR 2021 - SEP 2021, New Westminster, BC

PROJECTS

Lead Developer | Capstone Project (Who's That Pokemon Game)

AUG 2023, Brainstation

- A browser game I created for my final project for the Brainstation Software Engineering Bootcamp. It uses all the skills I have mentioned in my profile and showcases the start to my attempts at making the internet a better place.
