

Tina Thakur

SOFTWARE ENGINEER

EXPERIENCE

Accountant | TC Transcontinental

JUL 2012 - MAR 2023, WOODBRIDGE, ON

- Implement & test cloud-based software Kronos to replace manual paper timesheets from development to completion stage. Eliminated manual data entry & streamlined approval processes
- Trained newly hired Payroll Coordinator; Stepped into the role of Back-Up Payroll Coordinator to ensure that full bi-weekly payroll cycle is completed
- Worked in a team to launch project robotics that eliminates \$329,000 of manpower per year; Duties involved gathering/submitting the CAR, maintaining all the invoices, staying up to date with budget, resubmitting the CAR if project goes over approved budget, sending feedback to the project team on where we are at with expenses
- Able to complete a full month end & year-end cycle from start to finish. Some of the duties required are GL account analysis, variance analysis vs LY, vs forecast & vs budget, identifying errors & preparing a solution, accrual journal entries, prepaid amortization, preparing financial statements and reporting results to the stakeholders

EDUCATION

BrainStation | Diploma, Software Engineering

APR 2023 - JUN 2023, TORONTO, ON

HTML, CSS, JavaScript, Node, React, Express, MySQL, Agile Development, Document Object Model (DOM) APIs, Web APIs, User Authentication, OAuth, Heroku, GitHub, Jest, Project Management, AP/AR, Budget/Forecasting, Microsoft Office, Excel, PowerPoint, Word, Access SAP, PeopleSoft Finance, PeopleSoft HR

PROFILE

Results-driven and detail-oriented professional with over 10 years of experience in finance, payroll, manufacturing, full cycle accounting, and CAPEX projects. Proven ability to tackle new challenges and achieve remarkable outcomes, such as delivering double-digit annual cost savings percentages, streamlining department-wide operations, and successfully overseeing CAPEX projects worth over \$10M. Demonstrated expertise in implementing stringent inventory control measures across multiple working locations in Canada. Leveraging a background in finance, I have seamlessly transitioned into software engineering, exhibiting a strong aptitude for learning new languages, grasping complex concepts, and applying my extensive database knowledge.
