

EMMANUEL ATUAHENE

SOFTWARE DEVELOPER

EXPERIENCE

Freelance | EA Digital Solution

JAN 2019 - Present, TORONTO, ON

- Developed, designed, and effectively maintained multiple websites, such as [Alife Med Staffing](#), and [pHotential Health](#), ensuring their security against external cyber threats.
- Demonstrated expertise in setting up and training the IT team for the Ghanaian Presbyterian Church in Toronto, enabling seamless live stream operations. Successfully assisted in growing their mainstream follower base to reach 14k individuals.

Web Specialist | PHotential Health

Aug 2020 - 2022

- Took the lead in planning, designing, and maintaining the company's website using WordPress as the platform of choice. Implemented Woocommerce to create an online store, enabling the company to expand its business reach.
- Employed third-party plugins in conjunction with virus detection tools on cPanel to effectively monitor and track any potential cyber security threats.
- Proactively addressed and cleared any threats attempted on the website, while ensuring regular updates of themes and plugins to maintain optimal security.
- Spearheaded the digital transformation of the company's operations, replacing outdated practices with modernized workflows. This initiative resulted in a remarkable increase in production by 120%.
