I have found web development and music production to be more related than most would assume. Both challenge me to find ways to express myself in the most concise and elegant way possible. I am eager to leverage the skills I developed as a bartender and musician into a web development role that will challenge my creative instincts. I believe that my experience working in fast paced environments and my ability to grasp new concepts make me a perfect candidate for this exciting new world.

SKILLS

HTML5, CSS, JavaScript, React.js, Document Object Model (DOM) APIs, Node.js, Express.js, Web APIs, User Authentication, OAuth, Heroku, GitHub, WebPack, MySQL, Jest, Enzyme, Ableton Live, Max4Live

EXPERIENCE

Producer/Musician | Freelance

JAN 2011 - Present, VANCOUVER, BC

- Collaborating with clients to produce jingles, soundtracks and pop music as per their requirements
- Demonstrating the ability to listen to clients during recording sessions to ensure the final product meets the specs of the client

Bartender | The Lido Public House

SEPT 2014 - Present, VANCOUVER, BC

- Providing friendly and efficient service while working in a high-pressure and fast-paced environment
- Portraying problem solving skills in the moment to defuse potential conflicts

Live Sound Mix Engineer | The Sweatshop

MAR 2012 - SEPT 2014, VANCOUVER, BC

- Demonstrated the ability to perform on the fly, either on my own instinct and intuition or based on requests from the performing musicians
- Established a system for maintaining top-notch audio fidelity and communication in a loud and distracting environment

EDUCATION

BrainStation | Diploma Candidate, Web Development

JAN 2021 - MAR 2021, VANCOUVER, CA

Udemy | Colt Steele's Web Developer Bootcamp

FEB 2020 - JUNE 2020, ONLINE

PROJECTS

Vera Form | Producer

JAN 2018 - Ongoing

Produced two EPs of original material based on found sounds, drum programming and synthesizer manipulation.
